EPISODE 76 END

Comfort zone in sight, but still recruiting!

Well, our redrawing crisis seems to have abated.

By dropping that trainwreck of a series, ***Satanophany***, we released the redrawer, Ayamex, to work on actually interesting series that have a lower turnover, so we have ***Rain*** and ***Cutie Mutie*** covered. And with our new addition to the team, **Losian**, ***Impossibility Defence*** is dealt with (with help from .spoopyghwost), and perhaps ***God, you bastard, I wanna kill you!*** won't be a problem any longer, either.

(Which reminds me... I lost track of events after we dropped ***Satanophany***. Has the new group rumoured to be about to pick it up done so? :P)

This means we only need a redrawer for ***Shounen Y*** and an extra one for ***Saru Lock***.

Our test is at **https://goo.gl/qfnsc6**

You can leave the pages marked "difficult" out for ***Shounen Y***, but you have to do them for ***Saru Lock***.

From what I can see, now we need a typesetter for ***Cutie Mutie*** and another one for ***Psychic Odagiri Kyouko's Lies***. The test is here: https://goo.gl/vQuPZA

Please submit the PSD files with your application bundled in a compressed folder (RAR, Zip, 7z, whatever) and send it as a download link to me as a PM (Wraith a deathtollscans.net, kendama at Batoto), or post it here: **https://goo.gl/jkE13V**

If you are experienced, contact me to know of ways of bypassing the test.
